

## 1. Welcome Interface

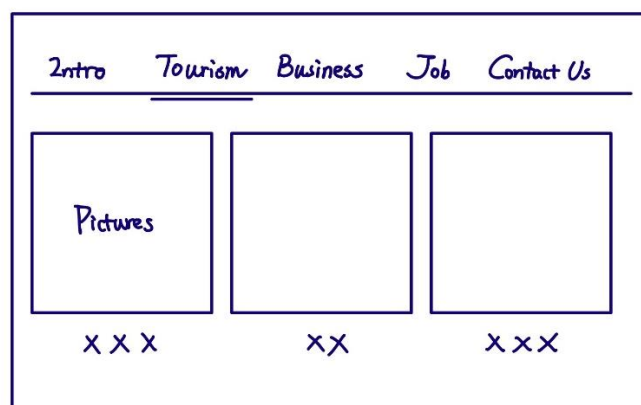

## 2. Introduction

Through a brief introduction of Beijing and supplemented by some pictures, users can have a preliminary understanding of the historical background and development of Beijing.

## 3. Tourism

In the tourism module, we will select several famous scenic spots in Beijing for users to choose from. Users click on the corresponding scenic spot or picture to enter the detailed introduction page of the scenic spot.

## 4.Business

In the business module, we will introduce the advantages and challenges of investing and settling in Beijing, and introduce several famous companies in Beijing.
